

Churt Parish Council Precept requirement 2021-2022

In the interests of total transparency, I wanted to let you know that we have carefully considered and calculated our anticipated expenditure for the coming year. It has been a challenging exercise, partly due to the withdrawal by Waverley Borough Council of support of some £1500 towards the upkeep of the recreation ground and playground and the loss of income due to Covid 19. By using some £3000.00 of funds held in reserve we have managed to peg the Council Tax precept increase to just over 4% from £48,802 to £50,908. When we take into account the loss of recreational support from Waverley, the real increase in precept requirement works out at just over 1% at £606.

David Crossley. Chairman
